Bringing you the perfect balance of performance and economy

Introducing the new MFP2GO series of scanners

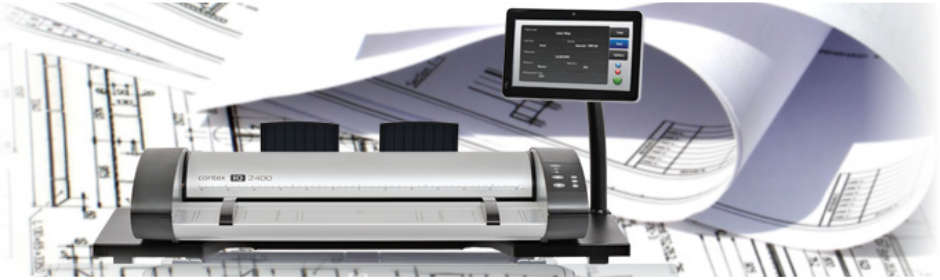

Telephone: (+64 3) 377 6776

Email: sales@sbm.co.nz

Address: Unit 2, 242 Ferry Road, Christchurch, New Zealand

MFP2GO **Canon** ready

A new class of MFP for your wide format scanning needs

Turn your printer into a communicator

- Save time communicating small changes in your drawings to your clients and colleagues.
- Reduce outside scanning and copying costs.
- Avoid having to invest in a pricey professional copier.
- Distribute easily your wide format documents directly to your global network.
- No additional software needed

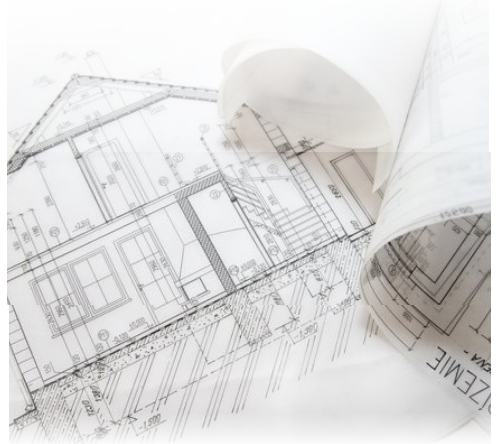

MFP2GO series

Contex MFP2GO is Contex's easy plug-and-play solution for your large-format printer, when you need to scan, share and copy changes to plans and drawings. The solution connects easily to your printer, giving you a nice and small footprint, and fits your existing tools and business processes. You can copy and scan to email, FTP, network, or USB – directly from the simple touch-screen solution.

You get outstanding image quality, with real-time view of enhancements and preset functionality for your daily scanning needs. The Contex MFP2GO bundle includes a scanner, MFP2GO controller, and a high stand.

Key features

- User friendly and intuitive touch screen solution
- Preview, crop and adjust image settings
- Scan-to-copy, -email, -network, -FTP and USB
- SnapCrop: Easy image cropping (Contex patent)
- Import images directly to standard tablet platforms

Scan your A1 and A2 files to where you need them

Contex IQ technology

Contex IQ scanners use the latest in High Quality CIS modules with Contex Dual Diffusion. This combined with xDTR, CFR and Sigma provides the best quality CIS scans in the market. Our IQ models are designed for line drawings, maps and other technical documents.

Scan To USB

Scan to USB in a way that simulates a camera. This allows images to be imported into standard tablets including iPad's.

Special pricing from \$299.00 per month (Models Dependant, Term Contract Applies)
